# EcoTank ET-4500

Great for any home office, this 4-in-1 inkjet printer can reduce ink costs by 90% on average[1].

This EcoTank printer is a great choice for any home office after the ultimate economical printer, with no fuss, no surprises and savings of 90% on ink costs on average[1]. A 4-in-1 inkjet with print, copy, scan, fax and an Automatic Document Feeder, the economical ET-4500 couldn't be easier to maintain.

Cartridge-free printing
The star of the ET-4500 is its newly designed integrated ultra-high-capacity ink tank system, which completely does away with the need for ink cartridges. That means less fuss and much more printing between refills than other inkjet printers.

Easy to use
As well as doing away with ink cartridges, the ET-4500 has four colour 70ml Epson genuine ink bottles in the box, which make it easy, clean and quick to fill the ink tanks.

Ultra-low cost
Save 90% on ink costs on average[1] with the ET-4500. It achieves an ultra-low cost per page, printing up to 4,500 pages in black and 7,500 pages in colour[2] at just a fraction of a penny per page[3].

Wi-Fi and Ethernet connectivity
Equipped with Wi-Fi and Wi-Fi Direct, the ET-4500 can take advantage of all Epson Connect[4] features. Print quickly and easily over Wi-Fi from a smartphone using the free Epson iPrint app, print remotely or email the ET-4500 a print job.

Quick, quality results
The ET-4500 uses Epson's own Micro Piezo technology for excellent-quality print-outs. Mono prints are delivered at a rate of 9.2 pages per minute while it can issue 4.5 colour pages per minute[5]. A 30-page ADF helps boost productivity.

* Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.

1. Average saving for printing the number of pages using the bundled ink bottles with the EcoTank range, excluding hardware price. Comparison made on the average of the A4 EcoTank range versus the average of the top 10 best selling models in Western Europe, in the period January 2017– December 2017, as tracked by GfK.
2. Printing costs calculated on the proportion of Standard and XL cartridges as tracked by GfK for the same reference period for the Western European market, using average retail prices. Ink cartridge yields as communicated by the manufacturer's websites
